

CONSTRUCTION SITE INDUCTION MANIFEST

on

Refers to floor laying works on the base:

1. prepared by the Investor*
2. constructed by the parquet fitter*

1. Investor
/first name, surname, address/

2. Site description floor No.
/detached house – with basement or on the ground, block of flats, tenement, other building (specify)/

3. Room(s)

4. Floor type
/wood variety, class, dimensions/

Description of the base or underlay prepared for fitting wooden flooring:

a/ type of base and date of construction
/define the type, such as: concrete, OSB boards, old base and the anti-damp insulation employed /

b/ base evenness
/measurement per 2 linear meters/

c/ base moisture (number of samples and results)
/name of device used for measurements/

d/ air humidity in %

e/ air temperature

f/ installation method (gluing to the base or fixing with screws or nails)*

1. has the base/underlay been primed (12-24 hours prior to gluing) ?.....

2. name of primer used

3. name of the adhesive used

4. resistance of the base to detachment (in MPa)

g/ base temperature - in the case of installing the floor on the underfloor heating system

1. base/levelling moisture

2. type of underfloor heating system

3. have the temperature seals been applied (how many?)(yes/no)

4. has the Base Heating Report been issued (Yes/No)

Assessment of the base/underlay which the floor is to be installed on
/new/old, contaminated with an adhesive, paint, others?/

Date of tests and of measurement of moisture content (in %) of the flooring, after its being delivered to the construction site:

.....

Remarks: (e. g. denial of installation due to failure to fulfil the conditions for installation of wooden floors):

.....

The Investor declares that the base/underlay for the wooden flooring, in rooms where the installation was ordered by the Investor, was prepared in compliance with the standards required for bases for parquets and other types of wooden floors.

The manufacturer shall be held free of responsibility for defects which could result from departure from standards in force applied to bases used under parquet and other wooden floors.

The present Manifest shall constitute the basis for claiming the warranty granted for the performed installation service.
